There are at least 435 men and women the United States who devoutly hops hat President Johnson will get at least ne constitutional amendment he has sked for That to give representatives year rather than their present 2-year

But as for us, the answer to this LBJ request is No, Hell No!

That is about all we really need to omplete the take-over of all functions f life - public or private, by the federal government.

It is most likely that the necessary wothirds tote will be mustered in conress to present this amendment to the o state legislatures, but let us prav hat at last 13 state legislatures will e found to refuse ratification of this bower grab

It must be very painful for the curent breed of Washington cat to have o come with hat in hand to ask for a constitutional amendment because in so nany instances in recent years they have amend d the constitution either by usicial fact or executive decree.

But up until now they have not been able to find a way of twisting the 14th amendment to cover tenure of federal legislators Some might argue, and perpaps successfully, before the present supremely stupid court, that it is a depial of the due process and equal protection clauses of the 14th amendment to permit a senator to have a 6year term of office while poor little ole, epresentatives only have 2-year terms. And from that the next illogical illegality would be for some patriot to rise ip and assert that it is an comally bad abuse of this precious 14th amendment o permit supreme court hacks to have life-tenure, while great presidents and noble solons still have to run for office once in a while.

So then the order would be for all executives and all solons to join the judges on Olympia where they can rule for life and pass their maces of office

Seems that system HAS been tried somewhere comet me before an litery

"A Conservative View"=

= by Jamos J. Kilpatrick

WASHINGTON - The Downtown Wash-Angton Chapter of the Great Rhodesian Concolracy convered for lunch a few days ago. in order to take speck of the cituation and to drink appropriate toosts to the Queen, to independence, and to Soapy Williams.

h the name o f things, this being a proper conspirecy, it is impossible for your correspondent to discloss everything that was sold. Neither to it advisable to identify the rectauran where we met, though it was down near the Willard, its walls were a horrid magenta, the oyctero were fine though the mardalo were undicingulated.

The meeding was called to order by the chairman of the conspiracy, the Hon. H.J. C. Hooper. His code name is John. He looks Miso a country beniter and is alightly bigger than Gibrakar. The other two complications must be officially nameless. One of them, name of Rodrey, is about, blue-eyed, mustached, brushed and westdard. The second, name of Kan, 10 short, brown-eyed, haired and tweety. They all amobe Rhodecion cigarenco. By such infernal devices is the peace of the world imperiled.

The first order of business deals with the remarkably officialies letter our Leader had received on Feb. 26 from Thomas C. Mann. Under Secretary of Store for Economic Affoire. It did not even begin, "Dear John," which would have been friendly. It began "Dear Mr. Hooper," and went on, in the colder bind of language, to object to the more extremes of a Rhodeolan information Office of 2852 McGill Terrace, N.W., or anywhere else. It was apparent that Under Secretary Mana wants no information about Rhideola dictributed. Members of the chapter egreed that, considering U. S. policy on Riodecia, this was certainly a reasonable pochdon on the part of Mr. Monn.

The chair inquired what should be done chout the letter. After come discussion, it was recolved respectfully that nothing abould be done about the letter. Perhapo Mr. Mann, on further reflection, would conclude that in a matter purportedly dedicated to free speech, it must seem peculiar to probible the Rhodecions from coesiding freely. So the moner was tribled.

The next item of business dealt with the realgaction of G. Mannen Williams as asclosur Secretary of State for African Affoire. Following three cheere and a tiger, led by Rodney coording on bio chair, order was recoved. A motion was put to cent a floral wreath to the voters of Michigan, with a legard trought in cornations, "Africa"s Loss. Dimole'o Gola." The moden was approved by confing voic.

Recuming their exero, the membero then recolved themsolves into a consulracy of the

whole hours in order to consider the threat to world pecos presented by an independent Rhodecia. Several months ago, when independence was declared, it was widely apprehended that the Zambians, next door, might be fearfully cadengered. What's with Zambia thece dayof

Thousand in part to the taxpayers of the United Stones and Britain, things in Zambia are dardia. At fantastic expense and conolderable rick, gasoline is being flown into Zambia. (Rhodesia would be happy to haul it by roll). Despite the cries of you and him fight," Zambia and Rhodesia have no quarrel. In perfect amity, they still are operating the Central African Airways. which they own jointly with Malawi. Rhodesia comminues to supply the cheap coal, hydroelectric power, and roll transport escendal to Zambia'o copper production. Travelers move freely back and forth.

M Rhodesto to not threatening the peace of Zambia, who capace is Rhodesia threatening? Chans? not Endly. Guinea? Chad? Upper Volta? Tanzania? Aligeria? Kenya? The Congo? Arthur Coldberg? The conspiracy of the whole house holiad diligently under the chairs, behind the posts, in Rodney's wesldi. A threat to peace was nowhere to be

What about the future? Well, it was asked, what about it? The furthern sanctions imposed by Harold Wilcon and Lyndon Johnson are proving to be an inconvenience, not a disaster. So much persoleum to coming into Rhodecia that rationing has been eased for holiday trips. The de focus government of lan Smith gets more de focto all the time. Unless Britain drags the United States into the asmunding idiocy of a UN "peace-besping" ac tion this summer, it is anticipated that events will continue on dials precedul way.

Meanwails, the conculrators voted to express their gracial throbs for all the support they are jetting from Americans as private citizens. Somm 15 organizations have corung into being spontaneously, among them Friends in America of Independence for Rhodesia (FAIR), the Rhadesica Independence Gung Ho Troops (RIGHT), and Harry for Ivan Tirar of Firedaction Yearnings (HIS-TORY) While most of these are in the late Confederacy, where the calific of independence still grows life coldenrod, friendly mail comes in from all over.

DeGaulle's scheming

Charles Bohlen, U.S. ambassedor to France, has reported to Precident Johnson that General de Caulle expects to bring back a non-cogression pact with Russia when he goes to Moscow in

Boblen says that this is the reason he has started already to pull out of the NATO defence system; De Gaulle figures his denunciation of NATO not only will help him with the Kremlin, but that a non-corresponden pact with Russia can in turn be used to prove that the NATO alliance no longer is needed, and that Yankess obould so home.

incidentally, come Frenchmen pay that De Gaulle's antipathy to Americans to partly due to a little-known experience he had in Washing during World War II.

When he was beed of the Free French government, De Gaulle came here and attended a dinner at the White House

with various congresomen. The late Rep. Sol Bloom of New York gave him a trick cigar which emploded in his face—and the somewhat humoriess and augrere De Gaulle has distrusted Americans ever since.

Frauleins with 'it

We don't know what their secret to, but German girls obviously have an edge on American girls in come areas.

Not many U.S. girls have ever caused a government cristo, either have or abroad, with the exception of Wallia Warfield Simpcon and her success in charming King Edward VIII off the British throne back in 1936. That ratiled the British Empire from London to Mandalay and beyond, but it remains the direle materiarily American cuccess in this field.

The latest German achievement is the upheaval in Canada over the friendohip of Gerdo Muncinger with three ministers in the former concervative government of ex-Prime Minister

However, another German girl, Ellen Rometsch, nearly blew the lid off Washington only a few years ago, when the Bobby Balter investigation turned up evidence the had been quite friendly with numerous high Washington officials. The lid might have gone sky high except for the fact the White House cuidenly ordered her deported quickly and secretly, and senators unwilling to involve their colleagues were able to hugh the matter

Thus German girlo have caused crises in two North American governments within the past several years.

Food price findings

the presidental commission which has been investigating food prices has denited its preliminary findings, and they will interest to busewife as well as the food industry. The final report is due out in May or June

Although there is come that its agreement within the commindion over how much power the big food chains have over prices, the report will put most of the blame for high prices on the middlemen-cpecifically, the food brokers and transportation companies.

The commission will make a number of recommendations to help control riging prices and the growing monopoly in food retailing, co as to give concurrers a better break. Among them

1. That further mergers by the big chains and the food manu

facturers be prohibited. 2. That anderest prosecution in the meat and poultry field be transferred from the agriculture department to the Federal Trade Commission. The meat and poultry industries have too many built-in intends at agriculture.

3. That prepared food be graded by the agriculture department, with the gredes examped on food packages to guide con-

4. That the use of trading stamps be barred in food sales. The producero he forbidden to package private brands for pale at lower prices than the identical products packaged for cale under accional brand names. 6. Then on Agricultural Marketing Authority be created un-

der the confoundaire department to authorize and supervice collective bargaining on prices by farmers. What the latter means to a Wagner Act for farmers, giving them the power of collective bargaining to get higher prices

from the food processors. The commission is under the chairmanship of ex-judge Phill S. Gibcon of the California Supreme Court. He has a majority with him on the above recommendations. However, cirong diocesso are expected from Republican Senatoro Thruston Morros, Ky., and Roman Hrucka, Neb.; Republican Representa-

tives Glern Cumingham, Neb., and Catherine May, Wash.; alco from William M. Bannon of the J. C. Penny chain.

WHEREAS, the Honecet County School Beard has made and caused to be mdo a thorough invoctigation of Pitlon IV and VI of the Civil Rights Act of 1936, and the regulations of the Department of Health, Education and tollaro, and through its duly authorised reproceduatives has investigated the situation in which it finds itself, and has conformed with various representatives of other school boards, State officials, and representatives of State agencies; and

WHEREAS, the Hancock County Board has determine from a long line of docisions of the United States Suprem Court, beginning with the 1954 docision in the Brown case, and with the passage of the Civil Rights Act of 1964, that it no longer has a choica as to the matter of desegrugation or mogregation of the mehool system, as it has been found that the Court would order desogregation in any instance, but that under the Regulation issued by the Department of Health, Education and Wolfaro, this Board has a docision to mato, which in the ultimate would only affect the manner in which decoupogation should be carried

WHEREAS, heretofore to Hancock County School Board has operated three schools for whire pupils: Poarlington, grades 1-8, Gulfview, grados 1-8, and Hancock North Central, grados 1-12, and by agreement with the Bay St. Louis Municipal Soparate District has provided for the education of all Negro pupils rosident in Hancock County and of all white pupils in grades 9-12 resident in the couthern part of Hancock County in the achools of Bay St. Louis, and

WHEREAS, the above cited Regulation of the Dopartment of Health, Education and Wolfare does not pormit the Mancock county School District to require that resident Negro pupils attend school outside of the school district if white pupils similarly situated are not required to do so, nor do they allow this school district to support Negro pupils in a public school outside of the district and deny such support to white pupils similarly situated, and

WHEREAS, the Bay St. Louis School District has submitted a plan for the desegregation of its schools to the U.S. Commissioner of Education which has been accepted by said Commissioner and under the terms of said plan pupils living in Bay St. Louis and nonresident pupils accepted by the Bay St. Louis School District have the right to choose the school they wish to attend without regard to race, such choice having been open to pupils enrolled in grades 1, 2, 3, and 12 in the school year 1965-66, to pupils carolled in grades 1, 2, 3, 4, 7, 10, 11 and 12 for the school year 1966-67, and to all pupils in all grades for the school year 1967-68,

WHEREAS, the second semester of the school year 1965-66 is now in progress and pupils from Hancock County who attend school in Bay St. Louis have been assigned to school, those in grades 1, 2, 3 and 12 having had the right to choose the school they wanted to attend without regard to their race, and

WHEREAS, it has been determined the welfare of the school system, and of the school children of Hancock County School District, requires that the Hancock County School Board make a bonn fide effort toward obtaining the maximum amount of Foderal financial aid to the school system and at the same time retain as much control over the desegregation of its schools as is possible, and to that and, should make an effort to submit a plan of desogregation to the U.S. Comissioner of Education

WHEREAS, the Hancock County School Board has determined that the best plan to submit to said Commissioner is as hereinafter set out;

NOW THEREFORE, BE IT RESOLVED, by the Hancock County School Board

- 1. That the mintonance of a segregated school system in this school district be completely ended in the following manner:
 - school district heroby ostablishes nonracial attendance areas for its school system effective with the school year 1966-67 and thereafter as shown on the attached map.
 - B. For the school year 1966-67 and thoroafter all pupils who live in the Pearlington and Gulfview attendance areas enrolled in grades 1 through 8 shall be assigned to the school of their residential attendance area. All pupils who live in the Hancock North Central attendance area, grades I through 12 shall be assigned to that school. All pupils living in the Southeast attendance area shall be assigned to attend school in Bay St. Louis in accordance with the agreement between this school board and the Board of Education of Bay St. Louis.

All pupils initially assigned to the school of their residential zone shall be entitled to apply for transfer to attend school outside of this school district. Permission to do so shall not be granted or donied on the besis of race, color or national origin.

At the beginning of any school year any pupil who has been attending school outside of the district shall have the right to transfer to and attend the school in the attendance area of his residence, if the grade for which he is oligible is offerred in that school.

- 2. At loast three weeks prior to the close of the 1965-66 school your, the perents of all pupils currently enrolled in the Hancock County school system or eligible for attendance therein under this plan shall be sent the letter appended to this plan as Attachment A which sets forth their school assignment for future years. Such notice shall be distributed to all pupilo attending school in this district by their classroom toochore, or, in the case of pupils attending school in another district, mailed to their homes. Parents shall be allowed not loss than two weeks to apply to the superintendent of schools for transfer to attend a school cutside of the district.
- 3. This school system will not accept non resident saturdants, nor will it make arrangements for resident students to attend schools in other school systems, where of ther of such actions would tend to proporty control or chalched decontroller. Any orrongement for resident students to attend school in emother system, will assure that such atudants will have the same rights of choice of school as students residing in the district. The arrangements for pupils ropiding in this district to attend school in Bay St. Louis are oxplained in Attackmat D.

ATTACHMENT A

Dear Parent:

The Hancock County School Board has adopted a plan to effect the dosogrogation of its three schools through the establishment of a design nonracial system of geographic attendance somes. The some lines a.e drawn (as shown on the attached cap) to follow the natural bounds and porimitors of compact arous surreunding each school in the system An additional attendance area designated as "Southeast" on the ED. will be served by the Boy St. Louis schools.

Beginning with the 1966-67 school year, all pupils will be assigned to the school serving the sene in which they reside. The only exception to this policy shall affect minth, touth, eleventh, and twolfth grado pupils living in the Pearlington and Gulfview zonos, and all pupils grade 1-12 residing in the Southeast area who will continue to be transferred to the Bay St. Louis Municipal Separate School District and assigned to the schools there under the Bay St. Louis desegregation plan. In the school year 1966-67 pupils attering school in Bay St. Louis vill have a free choice of school in greden 1, 2, 3, 4, 7, 10, 11 and 12.

In accordance with this policy, your child has been assigned to the boginning with the 1966-67 school year. If you do not want your child to attend this school, you my apply to the superintendent of schools in a transfor to attend another school, e.g. a school in Bay St. Levis. Pornisolen to transfor will be granted or donied without regard to many color, or maticual origin.

I greatly approclate your cooperation in those meters and hope you will call on m if I can be of any assistance.

The dispute aroce after Reymolds Electrical and Engineer-Co., Inc., engaged in elec trical construction work at the facility under a sub-contract with Malan Construction Co. of Koppers Co. Inc., used electrical workers to operate an A-frame winch truck in the installation of light standards.

The IUDE claimed that As frame truck operation came under their juricdiction.

Reynolds and the Electrical Workers in their argument counter-claimed the job called for two to three hours of work of which only about 30 minutes involved winch truck operadone and that their men were competant operators.

After an earlier session between the two unions arising out of various jurisdictional dispures all issues except the operation of the Astrome winch truck were recolved. This dispute was submitted by the Operoting Engineers union to the National Joint Board for Sente ment of Juriedictional Disputes. On Sept. 23, 1965, the joint board issued a decision that awarded the operation of the winch truck to the Operating Engineero encept when it was uced to pull cables and handle reels. Bids sought on 2 surplus units

Informal bids are being cought on two structures at Misclosippi Test Facility which have been declared excess to regularements of the federal

government. One is the former Willie Fleming property on Tract 1709-E-1 in St. Tammany Parich, La., about one mile west of the East Pearl River bridge on old U.S. 11. The other formerly was owned by J. R. Mc-Manus on Tract 1723-E on the east bank of the West Pearl River, half a mile south of the Interstate 59 bridge, also in St.

Bids are to be received by 2 p.m. Friday at the Army Corps of Engineers' real estate project office, 159 Main St. The buildings must be removed from the site by April 18.
